ABOUT US

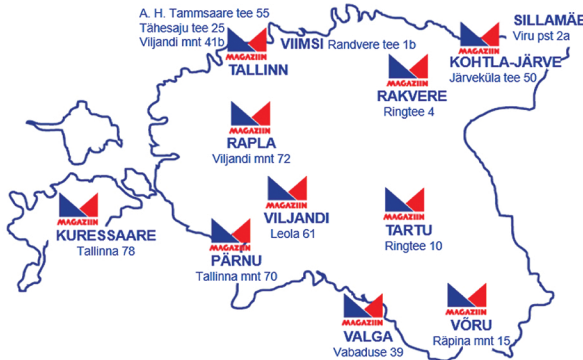

KPG Kaubanduse OÜ, is an Estonian company established in 1997.

The office and warehouses (with a total storage space of 10 000 m²) are located in Estonia in the city of Võru.

Our business is divided into two segments: retail and wholesale sales (to Estonia, but also to Latvia, Finland, Poland and Germany).

In 2000 we opened our first store called MAGAZIIN, which created the basis for our retail chain. MAGAZIIN is now the preferred store for thousands of home and garden owners, who appreciate a wide range on products, with reasonable prices.
